Conference Room Solutions

Prepare conference rooms with all the necessary equipment to ensure meetings begin on time, and run smoothly. Hypertec have a range of video distribution systems, wireless presentation solutions, interactive digital signage, and more to enable you to create productive and efficient environments.

C2G® 4K HDMI Adapter Rings

Ensure connectivity is not lost between older an new devices, C2G® 4K HDMI Adapter Rings eliminate connectivity obstacles. Available with two mounting options, the C2G HDMI Adapter Rings can be attached directly to HDMI display cables or mounted to any flat surface. Each adapter is colour coded with a band that saves time and frustration by making it easy to quickly identify the adapter you need.

Video Switching and Distribution

Easily connect, extend, and switch any wired video device to any display in your conference rooms. Black Box® Switches, Extenders, Cables and Adapters all boast powerful features that will help you give professional presentations in rooms of any size.

Room Scheduling / Room Control

Never double-book a conference room again by scheduling meetings with Black Box's intuitive In-Session Meeting Room Booking System. Once you're in the meeting, use the Black Box ControlBridge® Room Control System to manage all Ethernet-enabled devices in the room.

For more information about C2G® and Black Box® products, or help creating complete Conference Room solutions, contact your Hypertec Account Manager today.
