

Need Transceivers? Think Hypertec!

Reduce spending without compromising on quality or performance, Addon® Transceivers offer quality that exceeds the OEM, at a much lower price. Seamlessly scaling any network and expanding reach, AddOn Matched Transceivers can help reduce costs whilst improving network performance.

Why choose Hypertec & AddOn?

- ✓ First Class Quality & Service
- ✓ Lifetime Warranty
- ✓ Free UK Based Pre and Post Sales Support
- ✓ Every Transceiver is 100% Tested in it's Intended Environment
- ✓ Every Transceiver is Coded in Addon's State-of-the-art Lab
- ✓ Every Transceiver is Tested Beyond Standard Specifications
- ✓ Addon Transceivers Do not Void Existing Warranties

Quickly and easily find compatible Transceivers, Hypertec partcodes are the same as their OEM counterparts; simply search via OEM partcode on the [Hypertec Product Configurator](#) to find the perfect match.

For more information about AddOn® Transceivers, or help finding the right solution for you, contact your Hypertec Account Manager today.
