

Provide Flexible Power Solutions for Any Space or Situation with Omnicharge

Best In Class Power Solutions for Professionals

In today's new normal, workspaces have become more flexible than ever. Omnicharge Power Banks and Stations help meet the needs of modern professionals, with mobile power to **keep users connected and productive in any situation**, powering multiple devices without restrictions.

Power Banks

Omnicharge offers the ideal **all-in-one solution** for reliable power and versatility. Their high-capacity portable chargers with outlets offer **multiple USB ports, and wireless charging options** to keep all devices connected. With Omnicharge, power is no longer a concern, **increasing productivity and peace of mind**.

Power Stations

Perfect for education, enterprise, government, hospitality and healthcare sectors, Omnicharge Power Stations provide plug-and-play solutions to **power up to 10 devices simultaneously, from a single outlet**. Enabling multiple users to have continuous access to power, without the restrictions of power outlet locations.

- ✓ Track how power stations are being utilised
- ✓ Set restrictions on who can check-out chargers
- ✓ Easily setup and monitor stations in any location
